TO WHOM IT MAY CONCERN

Chua Xue Ning Joey joined our **Accenture Apprenticeship Program** from 10 May 2021 till 20 August 2021. She was assigned to a Singapore Government Office, involving the development of modernizing the existing User facing portal. During her internship, Chua Xue Ning Joey played a key role in working with the team to develop API in high quality. Her key assignments include the following:

- Maintain Technical documents specifying API Designs and knowledge transfer
- Build API and Unit test components following the project's coding standards

During her time here, Chua Xue Ning Joey has consistently demonstrated a strong work ethic and commitment to excel. She not only tackled her tasks diligently but also introduced new ways to streamline and automate repetitive tasks. As such, she was able to handle an increased scope of work.

The project also required Chua Xue Ning Joey to collaborate with a diverse mix of client colleagues wherein communication was key. Being highly adaptable, she was able to deftly utilize different communication channels (phone, email, instant message) and learned quickly how to structure his content (both in email and presentation) to bring his message across clearly.

Chua Xue Ning Joey was also a good team player and received favorable comments from her fellow colleagues. She is a fast learner, showing mastery over new tools that were used to support the project and even played an advisory role to his peers on using the tools. Her enthusiasm to learn enabled her to acquire new skills quickly and to apply them to meet critical deadline.

Overall, Chua Xue Ning Joey performed her role with passion and dedication. She completed all the tasks assigned to her with zest and was even able to take on bigger pieces of work. She proved to be a great asset and to the project and I am sure she will be a great addition to his future employer.

Yours faithfully,

Mr Ephraim Fernandez, Jr

Tech Arch Delivery Associate Manager
